Thank you for your interest in sponsoring Security BSides San Antonio (BSides SATX). We can't wait to help contribute to the growth of our community! Our event date is Saturday, June 10, 2023 at St. Mary's University.

BSides SATX is a full day integrated conference that combines keynote and track content presentations, hands-on learning workshops and villages to ensure community participants learn the "next big thing" in information security.

BSidesSATX, as with all BSides events, keeps its ticket cost very low to allow for as many community participants as possible. The event is made possible by you, community sponsors, who see the value of being part of the San Antonio information security community. The event is organized by committed and passionate volunteers to ensure that all of your sponsorship dollars go to providing a fabulous event for information gathering and sharing.

By sponsoring BSides SATX, you join other great community supporters like St. Mary's University, Open Security, Intrigue, RedCanary, Stackhawk, Amazon Information Security, and many others.

Every organization will have different objectives and priorities, which is why we offer different levels and types of participation for every individual, group, or organization. The most important part is that you are part of the community and you can attract participants to your tables through engaging contests, giveaways and games. If you need suggestions on the types of giveaways or games, we are happy to help!

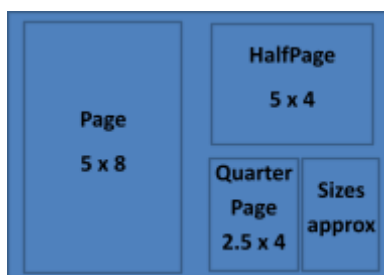

Are you ready to begin the process of becoming a sponsor? It is super easy; just select the type or level of sponsorship you would like , email us the corresponding form, and send us your logo. That is all that is needed to start the process!

ACCEPTED IN-KIND DONATIONS:

Whereas there is the potential for controversy if certain gifts are accepted, BSides SATX has adopted the following **In-Kind Donation Acceptance Policy**:

When considering whether to solicit or accept gifts, the organization will consider the following factors:

1. Values—whether the acceptance of the gift compromises any of the core values of BSides SATX
2. Compatibility—Whether there is compatibility between the intent of the donor and the organization’s use of the gift
3. Public Relationships—whether acceptance of the gift damages the reputation of BSides SATX
4. Primary Benefit—whether the primary benefit is to BSides SATX, versus the donor
5. Consistency—is acceptance of the gift consistent with prior practice?
6. Form of Gift—is the gift offered in a form that BSides SATX can use without incurring substantial expense or difficulty?
7. Effect on Future Giving—will the gift encourage or discourage future gifts?

All decisions to solicit and/or accept potentially controversial gifts will be made by the organizing Board in consultation with the Event Director. The primary consideration will be the impact of the gift on the organization.

Privacy Statement: BSides SATX does not sell, share, or provide access to any personal information about our attendees with any third parties, including sponsors.
