MANAGEMENT@BSIDESSATX.COM

Thank you for your interest in sponsoring Security BSides San Antonio (BSides SATX). This is our eighth year and our first virtual event! We've proactively decided to host things online only this year, due to COVID-19 concerns. Our new event date is Saturday, July 11th and will be using a combination of online resources to engage with San Antonio and the Information Security community.

BSides SATX is a full day event that includes multiple tracks of presentations, workshops, and villages to offer participants the opportunity to learn about the “next big thing” in information security.

This year, BSides SATX will not be charging participants an entry fee, to allow for as many community participants as possible. The event is made possible by you, community sponsors, who see the value of being part of the San Antonio information security community. The event is organized by committed and passionate volunteers to ensure that all of your sponsorship dollars go to providing a fabulous event for information gathering and sharing.

A virtualized event provides new opportunities for our sponsors to engage BSides SATX participants. TRACK level sponsorship will help cover the cost of one of the video conferencing channels and includes mentions throughout the day during the live webcast to participants. VILLAGE level sponsorship will cover equipment and materials for activities during the event. By sponsoring BSides SATX, you join other great community supporters like USAA, NSA, SANS, Digital Defense, Denim Group, Operandis, Accenture, Linux Academy, Delta Risk, Alamo ISSA, TrendMicro, Open Security, Exabeam, ThreatCare, St. Mary's University, and many others.

Are you ready to become a sponsor? It is super easy; just select the level of sponsorship you would like and send us your logo. That's it! If you have any questions, please do not hesitate to contact us at management@bsidessatx.com.
